RE: Data Request - Docket No. 02-00207; *Petition of the Tennessee UNE-P Coalition to Open A Contested Case Proceeding to Declare Unbundled Switching An Unrestricted Unbundled Network Element.*

Dear Mr. Werner:

Pursuant to your letter dated October 25, 2002, Teligent Services, Inc. ("Teligent") provides the following information to the above-referenced subject.

As the Commission is aware, Teligent emerged from Chapter 11 bankruptcy on September 12, 2002. As a result of its Chapter 11 status, Teligent no longer provides local exchange service in Tennessee and has no local exchange customers or access lines. Teligent notified the Commission of this fact, indicating however, that Teligent intends to retain its Tennessee certificate to provide local service as it hopes and expects to do so in the future.

As a result, Teligent respectfully requests that the Commission waive its local exchange service data request requirements with respect to Teligent until such time as Teligent makes the appropriate tariff filing to reinstate its local exchange service offerings in Tennessee and again has local exchange service customers in the State. At such time as Teligent reinstates local service, it will promptly commence filing such reports.

Thank you for your consideration in this matter. Please date-stamp and return the enclosed extra copy of this letter in the envelope provided. Should any questions arise regarding this matter, please feel free to contact the undersigned at 703.326.4690.

Sincerely,

Jennifer Martin
Manager, Regulatory Affairs
